Gkoura Grigorios

Software Engineer

LinkedIn | gkouras@icloud.com | GitHub | Portfolio

PROFILE SUMMARY

Dedicated and growth-focused professional with a solid background in physics, currently pursuing a career as a software engineer while completing a master's in medical and radiation physics. Forward thinking team player with strong analytical and problem-solving abilities, coupled with a dedication to ongoing learning. Enthusiastic about the tech industry and committed to honing my expertise in software development. Actively seeking opportunities to prove myself and gain meaningful experience in cutting-edge technologies and projects.

TECHNICAL SKILLS

- Programming Languages: C | Python | HTML, CSS | JavaScript | SQL | R | MATLAB
- Frameworks / Technologies: React | Django | Express.js | Git & GitHub | PostgreSQL | Docker
- Software: Microsoft Office Suite | SPSS | TABLEAU | POWER BI

EDUCATION

MSc in Medical Physics – Radiation Physics / National and Kapodistrian University of Athens **10/2022 – Present**

- Overall classification: 8.00 (expected) “VERY GOOD”
- Interests: Computational simulations and use of A.I in Medical Physics
- Relevant Coursework: Medical Statistics | Informatics and Image Processing
- MSc Thesis: “Assessment of brain activity at rest using Magnetic Resonance Imaging in patients with ischemic cerebral episodes”

BSc in Physics / National and Kapodistrian University of Athens **09/2016 – 09/2022**

- Overall classification: 7.03 “VERY GOOD”
- Specialization: Nuclear and Particle Physics
- Relevant Coursework: Computer Science | Computational Physics
- BSc Thesis: “Calculation of dosimetric parameters of an Iridium brachytherapy source, in a water phantom, based on the American Association of Medical Physicists protocol TG-43”

WORK EXPERIENCE

Physics and Mathematics Tutor / Self-employed **09/2016 – Present**

- Tailored education with personalized study materials, customized exams, and teaching methods to match unique student needs

Head Lifeguard / Action Club Hellas **06/2019 – 09/2023**

- Conducted lifeguard training sessions
- Managed lifeguard schedules and ensured team supervision and safety protocols were consistently maintained
- Attentively monitored aquatic activities, promptly responded to emergencies, and administered necessary first aid

Data Analyst / Alternative Research Solutions **10/2019 – 10/2020**

- Delivered comprehensive client service, including back-office work, data analysis, and assistance during presentations
- Conducted in-depth trend analysis and generated insightful comments
- Achieved significant productivity boost and reduced presentation preparation time by 30% using automating data manipulation processes with Python scripts

FOREIGN LANGUAGES

- Greek: Native Speaker
- English: (C2 Proficiency) – University of Michigan
- Italian: (A2)

VOLUNTEER WORK

- Volunteer member of the World Organization of the Scout Movement since 2007. Currently serving as a Team Leader, leading expeditions of more than 20 scouts
- Member of the EPS Young Minds team (NKUA Section) – European Physical Society

INTERESTS AND HOBBIES

Besides being a **scout** for the better part of my life, I try to maintain an active lifestyle. Whenever I need a break to clear my head, I usually go **hiking** with my scout friends. Conquering Mount Olympus represents a major milestone in my hiking journey. I currently play **tennis** for the NKUA team, though I don't see myself going to Wimbledon anytime soon. In my pursuit of valuable experiences, I have a deep interest in **travelling** and **extreme sports**. My aspirations include becoming a digital nomad, enabling me to work from anywhere across the globe. I thrive on embracing challenges and stepping outside my comfort zone, which is why I enjoy various extreme sports. I take pride in my ability to rapidly acquire new skills through self-discipline. Notably, I taught myself how to **ski**, which now allows me to combine my love for extreme sports with the mountains, making winter my favorite season for outdoor adventures.
